Explanatory.

A brief item in last night's paper was to effect that Mr. D. Brunner had been arrested for throwing a bucket of slop on the pavement at Main and Market streets. The facts are that Mr. Brunner carried a small "crock" or jur containing a mix use for cleaning coats down stairs, and in throwing the contents into the gutter, some fell upon the pavemont. If remembers that two ladies with a baby-buggy passed about that time, but is ours none of the liquid touched them. little later a policeman notified him to appear at the mayor's office at 2 p. m., which he did, but could not then be heard. After the docket had been run through Mayor Goodwin inquired into the matter, and promptly dis-ful that it makes it a pleasure to use it. charged Mr. Brunner.

THE SPACIAL DELIVERY.

Something Additional as to the Working

of the New System. Springfield is one of the forty-three cities and large towns in Ohio, the list also including Xenia and Urbana, in which the new ten cent special postal delivery is ordered, to go into effect October 1, next. The working o the system and its object has been already explained in some detail in these columns. It is the intention of the postoffice depart ment to put the new service in operation within the next two weeks, if possible. There have been demands from all sections for stamps for this service, and it is believed that within a year the stamp will be on a firm basis, and one of the institutions of the country. The greatest demand comes from towns that lie near the larger cities, and from which the mails are carried after sundown, reaching the cities between 7 and 12 o'clock at night. When this system is in full operation the attachment of a special ten-cent stamp will issure the delivery of a letter within a few moments after its receipt, and will in many instances prove of great service, in that it will do away with the necessity of using the telegraph in order to secure prompt attention to business matters.

A RUNAWAY HORSE

By Which Mrs. J. S. Kitchen is Thrown From Her Huggy and Seriously Injured. Yesterday atternoon Mrs. J. S. Kitchen, wife of the county commissioner, met with a very serious accident. She was driving in a buggy with her young son about five miles west of town when she came to a cuivert where a party of men were trying to drag a steer across. The animal was bound and his ferocious bellowing frightened Mrs. Kitchen's horse so that it turned square about like a flash, upse ting the buggy and throwing out simple. both the occupants. The child escaped with a few scratches about the face, but Mrs. Ritchen was thrown against the fence and tell back in an unconscious condition. She was carried to the house on Kitchen's farm near by, occupied by Albert Garlough, where she was made as comfortable as possible and medical assistance was summoned. The injuries were on the left side, but the doctor was unable to say whether or not any bones were broken. It will at least be several days before she can be removed to her own home. The horse was captured a short distance away and the buggy

found to be a total wreck, two wheels being

A Remedy for Lung Diseases.

Dr. Robert Newton, 1ste president of the Eclectic College, of the City of New York, and formerly of Cincinnsti, Ohio, used Dr. Wm. Hall's Balsam very extensively in his practice, as many of his patients, now living, and restored to health by the use of this invaluable medicine can amply testify. He always said that so good a remedy ought to be prescribed freely by every physician as a sovereign remedy in all cases of lung diseases. It cures consumption and has no equal for all pectoral complaints.

Russia in a flad Way. Russia has newly run out of money, and eems to have no triends among the nations of Europe. The Nibilists give the government all manner of botheration and threaten its destruction. Russia is like a debilitated dyspeptic without funds. But there is hope for the most debilitated dyspeptic if somebody will only supply him with a bottle of Brown's Iron Bitters. Mr. I. B. Thorpe, Chariton, Iowa, was afflicted with debility and dyspepsis of five years' standing. Brown's Iron Bitters cured him.

In the case of the lad, Johnny Taylor, elsewhere reterred to, the man who brought him here claims that he was given to his employer by the mother, or left at his house for a tew days.

LOCAL NOTICES.

It is justly complained of many of the so called patent medicines that they are but thinly disguised alcoholic beverages put up and labelled as medicines, and absolutely devoid of any remedial properties. Mishler's Herb Bitters, for dyspepsia, kidney and liver complaints, indigestion, construction, piles, choiers morbus, etc. does not belong to this category, being a family medicine, pure and simple. Baalis Davis, a druggist of Chillicothe, who writes: "Add my testimony to your list. It is an excellent remedy for diseases arising from an impure condition of the blood."
